IEDC-Bled School of Management hosts student field trip from IEIBS Academia, India

Following the visit of [IEIBS Academia](#) CEO Mr. Nilesh Sarawate last year in January to Slovenia, IEDC-Bled School of Management is from January 30 to February 16, 2017 hosting IEIBS Academia Study trip.

IEIBS Academia is a leading player in management education in India with a tradition of 15 years and state of the art campuses in Vashi (New Bombay): Oshiwara and Thane. IEIBS Academia is now looking for Strategic International Alliances in CEE and IEDC-Bled School of Management, as the leading business school in CEE

Established in 2009, India-Europe International Business School (IEIBS) is a premium educational institution with a mission *to strive continuously to build managers for a socially conscious and performance-driven corporate world*.

Established in 1986, IEDC-Bled School of Management is the leading management development institution in CEE with a mission *to develop competent and responsible leaders and addresses organizations' complex leadership issues by bringing together the best faculty from around the world and integrating arts, ethics, and sustainable development into the learning process.*

Considering the mission of both institutions, IEIBS and IEDC are desiring to establish a formal basis for cooperation in management and leadership development which will extend and strengthen the conduct of cooperative activities in areas of common interests and encourage the application of the result of such cooperation to the economic and social development of the countries.

As a starting point of this cooperation IEDC will organize a Study field trip for IEIBS Academia group of students in Slovenia, Austria and Germany focusing on the theme of "European Business Culture". The program will include lectures of IEDC Faculty, company visits and other meetings as well some social activities. In the frame of this program IEDC will sign Memorandum of cooperation with IEIBS.

Bled, January 12, 2017
